- Pitched, planned, and executed a 6-part LinkedIn thought-leadership series derived from a 30-page M&A research report: built the **7-week editorial calendar**, developed strategic intent and hook language per post, and managed end-to-end distribution.

- Analyze performance in Google Analytics and LinkedIn Analytics to drive strategic recommendations; run A/B testing on hook language and audience segmentation to lift engagement and conversions.
- Develop, edit, and review the firm's client-facing Statement of Qualifications deck for in-person meetings, tailoring bios, headshots, and relevant case studies to each prospect while maintaining brand standards, formatting, and consistency; manage end-to-end print production of 15–20 hardbound, spiral-bound books per engagement.
